**Re: Easynet Limited  
Certification of CPNI Filing  
EB Docket No. 06-36**

Dear Ms. Dortch:

Easynet Limited ("Easynet"), by its undersigned counsel, hereby files the enclosed annual customer proprietary network information compliance statement.

Please direct any questions regarding this filing to the undersigned.

Respectfully submitted,

Joseph A. Godles  
Counsel for Easynet Limited

**Customer Proprietary Network Information Compliance Statement**  
**EB Docket No. 06-36**

Easynet Limited ("Easynet") is filing this 2012 customer proprietary network information ("CPNI") compliance statement. The Commission's CPNI requirements are inapplicable to Easynet for the following reasons:

- The CPNI requirements apply to "telecommunications carriers" as defined in Section 3(44) of the Communications Act. *See* 47 C.F.R. § 64.2003(k). Section 3(44) defines a telecommunications carrier as a "provider of telecommunications services," *i.e.*, common carrier services (*see* 47 U.S.C. §153(46)), and states that "[a] telecommunications carrier shall be treated as a common carrier under this [Communications] Act only to the extent that it is engaged in providing telecommunications services."
- Easynet is not engaged in providing telecommunications services, and did not provide such services at any time in 2012. It has no active common carrier circuits, and all of its services are either information services or non-common carrier services.
- Because it does not provide telecommunications services, Easynet recently surrendered its Section 214 authorization. *See* Letter from Richard Croft, General Counsel, Easynet Limited, to Marlene H. Dortch, Secretary, FCC, FCC File No. ITC-214-20101118-00457, February 27, 2013.
